

User Tip #1: Making Requests Through the Portal.

Dear Attorney,

Thank you for registering for the Camden County Prosecutor's Office eDiscovery Portal.

One of the goals of the eDiscovery Portal project is to make discovery available to you earlier in the process. There is no need to wait until PAC to request the discovery through the portal.

A defense attorney who has entered their appearance with the Court in a given case can request post indictment discovery before the PAC date. Once the appearance is entered, a request for the discovery can be made on the portal. The discovery will be pushed over to the portal well before the PAC date.

Again, thank you for your continued cooperation.

Dana Petrone, Esq.

Section Chief, Grand Jury Unit

Camden County Prosecutor's Office
