To the Parents of Children in the Collingswood School District:

Mayor Jim Maley, Superintendent Scott Oswald, Police Chief Kevin Carey, Board of Education President David Routzahn, and I have agreed to meet next week in order to clarify when police must be notified of school incidents. It is the goal of all parties involved to balance the protection of children with the need for law enforcement involvement in serious cases.

Parents should rest assured that this matter will be resolved shortly and in the best interest of your children. We will promptly update the public on the progress and outcome of this meeting.

Very truly yours,

Mary Eva Colalillo
Camden County Prosecutor
